

Sincronitzaci3 al telefon mobil

Description

Step-by-Step Process

1. **Open the Gmail App** Look for and open the Gmail app on your mobile device.
2. **Access Account Management** Tap your profile picture or the circular icon with your initial, located at the top right of the screen. In the drop-down menu, select the option **Add another account**.
3. **Select the Email Provider** On the "Set up email" screen, choose your personal provider:
4.
 - **Google:** For personal addresses ending in @gmail.com.
 - **Outlook, Hotmail, and Live:** For personal Microsoft accounts.
 - **Yahoo:** For personal Yahoo accounts.
 - **Other (IMAP/POP3):** If you use a personal email with your own domain or another webmail/internet provider.

Enable Chat in Gmail In the account settings menu, look for the **General** or **Chat** section. Find the **Chat** option (or *Show the Chat and Spaces tabs*) and check the checkbox or toggle the switch on.

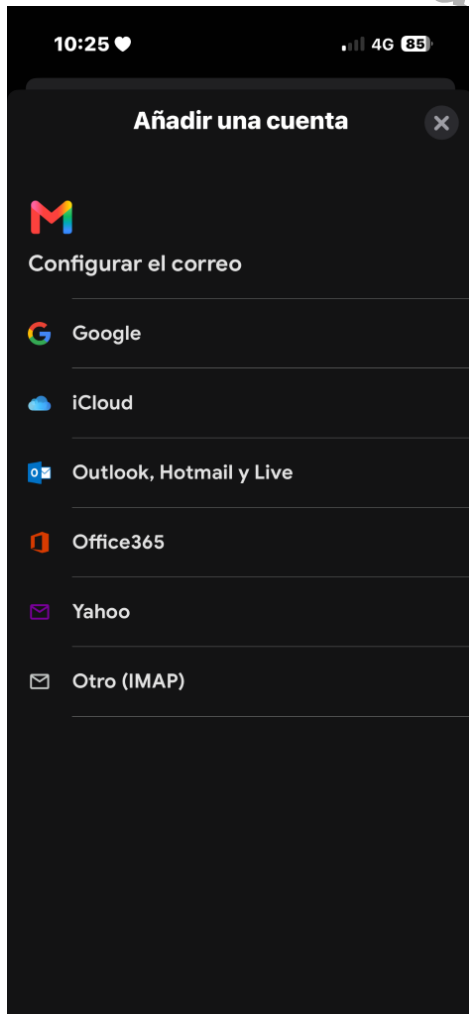

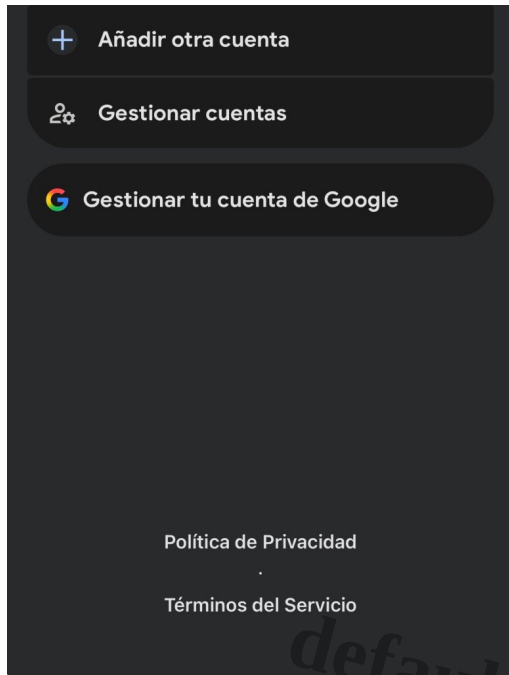

Enter Access Credentials Type your full personal email address and tap **Next**. Enter your password.

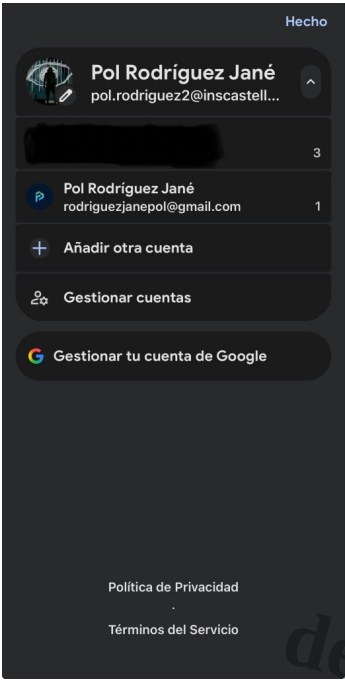

Security Verification / Two-Step Verification (Optional) If you have extra protection enabled on your personal email, approve access from the mobile notification or enter the code received via SMS/authenticator app.
